Dear nice and Lovely family.

I have a friend his name is Mustafa, he was with me in the Arafatist jail, he loves Israel and the Jewish people and he did much things and donated much for that. I know many things about him but I can't write or explain more things through the internet.

He is in much stress because he is demanded to leave home together with his family, they have to leave their apartment because they can't pay the rent since 6 months (about \$ 2500) to the landlord, the Landlord came today morning and warned him the last time to leave or to pay, Mustafa asked him for other few days to arrange the money for him.

Mustafa is waiting for some money from some Israeli contractor whom worked with, he told the Landlord and showed him some of checks that he supposes to have money from. Mustafa told me that some construction company is owed him 70000. shekels about \$ 17000-18000, but he asked the Landlord : would I kill the people who are owed money for me because that? The Land lord told him no I don't say to you to kill people for money, and added but I need my money for the rent because I have where to pay too.

So Mustafa asked him to wait until Sunday to leave the home.

After Landlord left, I asked Mustafa: what are you going to do?

He said :if I can't find a way to pay him then I have to send the family back to the West bank, and that he wants to stay at any where. I asked him to pray together with me and his wife, we did, and I asked them just to depend on the Lord as our Savior.

Then, I ask for prayer for this nice family, let's pray together that God hears our prayer and supply our needs to keep the children whom we minister to their families smile. It is so important to show those people the Love of God, those people who used to suffer from the PA because they are so nice with the Jewish People.

I pray that I can have the responsibility as a ministry to help the people and to show them the Love of God through the Christianity and through the believers who still follow the Lord Jesus.

Thank you so much for your prayer and love.

Together in the Christ,
