

# BETHLEHEM IS NOT IN ISRAEL

**FACTS:** Under the Oslo Peace Accords, the agreement forced down the throat of Israel by then President Bill Clinton, the first city to be handed over to Yassar Arafat was Bethlehem. Christians immediately began to flee and now they number less than 20% of the population. On a hot August day in Bethlehem, a Christian woman cannot be seen on the streets of the Birthplace of Christ. Every woman wears a Muslim veil or scarf and it is now unsafe for a Christian woman to be on the street without a male escort.

- **Christian children are now forced to read verses from the Koran in the schools;**
- **Christian women are being targeted for rape by Muslim men;**
- **Muslims who convert to Christianity are placed in jails or mental hospitals;**
- **Christian businessmen face extortion from armed Muslim gangs such as HAMAS. . .**

## Have you ever seen a photograph of a kindergarten child dressed up as a suicide bomber before?

The photo at right is of a real child and the parents are very proud that one day he may grow to the ripe old age of 14 or 15 before he blows himself up killing Jews and Christians.

Meanwhile Christian women are raped in Bethlehem and don't dare go to the police because the perpetrator may well be a policeman.

Christian businesses are forced to close and armed Palestinian Authority police now question people as they enter the Church of the Nativity which was built over the birthplace of Christ.

Christians were once 85% of the population of Bethlehem; now they represent only 20%. I want to help those who have stayed. I want to help make sure their children are not dressed up as suicide bombers and they are not taught to hate Americans and Jews. This can only be done by helping support Christian schools and giving direct aid to the Christian families remaining in Bethlehem.

In the last year I have spent several weeks in Bethlehem and Samaria and before the year is out I will travel there again to work with Christian families.

Will you help the Christian families remaining in the predominately Muslim areas of the West Bank such as Bethlehem? Will you help us provide jobs for the adults? Will you help us make sure the children can attend Christian schools and not those run by the Palestinian Authority?

As a token of appreciation from the Christian families struggling to survive in the West Bank, I will send you a bar of the handmade olive oil soap these families make to support themselves. This soap is not made in any factory; it is handmade at the homes of these persecuted Christian families in Samaria.

If your gift to the Religious Freedom Coalition's Bethlehem Project is \$25.00 or more I will send you one bar of the handmade olive oil soap as a token of appreciation *and* a White Paper exposing ultra-liberal organizations that actually support terrorist thought. This is a unique item that is made with love and true appreciation for the work of the Lord.

**PLEASE HELP NOW:** We want to help as many people as possible. Many families need help. Please help this month regardless of the amount. Every dollar counts as The Bethlehem Project reaches out in compassionate Christian love.
